

**INTEGRATED MANAGEMENT
SYSTEM POLICY**

CIMATEC S.A.C., is a company with more than 55 years in the Peruvian market, actively participating in scientific development in our country with state-of-the-art technology. **CIMATEC** is dedicated to the commercialization of equipment, materials and chemical reagents for the assurance and quality control of production units, teaching and scientific research, representing nationally important companies and international brands, has decided to implement a Management System of ISO 9001 Quality and an ISO 14001 Environmental Management System, to improve the service it provides to its customers, as well as to prevent pollution to the environment with our activities, including sustainable development. For this, the **CIMATEC** Quality and Environmental Management System is based on:

- Responsibility and commitment of all members of the company. This is obtained by planning, executing, reviewing, and improving the Quality and Environmental Management System, always keeping in mind the context of the organization, both internal and external.
- Provide a frame of reference for the establishment of quality and environmental objectives.
- The orientation towards Satisfaction of all our customers, providing the latest technology, support, and technical guarantee, through the commitment of the entire organization to meet their needs and requirements, as well as the legal requirements and those of the products.
- Comply with current legal requirements applicable to our organization's own activities related to the Environment.
- Achieve the prevention of pollution or mitigation of the possible environmental impacts of our activity, to focus our processes and activities on the protection of the environment.
- Continuous Improvement and the performance of our processes requires the participation and collaboration of the entire organization, for which reason this Policy is disseminated to all our suppliers and collaborators for their knowledge and understanding.

Ricardo Espinosa Benavides
